IMAGINE

the possibilities for your church!

- ✧ Free leadership training online
- ✧ Learners studying at their own pace
- ✧ Opportunities to mentor volunteers
- ✧ Teachers growing in faith together

EXPLORE

the possibilities with
Opening Doors to Discipleship!

Course A

Teaching Skills, designed for new and veteran teachers, includes twelve sessions that explore a variety of topics: the call to teach, faith and human development, learning styles, choosing materials, and more.

All sessions include clearly defined goals, meditation, and Bible study to strengthen the disciple's own journey. Three learning modules with interactive exercises enhance the learning process. *A Teachers' Talk* video feature allows learners to hear teachers answer questions about their own experiences.

Teachers and leaders completing this course will be better equipped to fulfill their call to the educational ministry of the church.

Register online at www.openingdoorstodiscipleship.com.

Course B

Bible Background provides an overview of Scripture from a Reformed faith perspective. This course can be used with teachers, new members, and church officers.

Participants explore how the Bible came to be and move through the key elements and stories such as creation, covenant, exile, prophecy, the gospel, early church, and letters. The study comes alive through music, audio dramas, maps, timelines, and other interactive components. *Video Talk* clips, scattered throughout the course, make great discussion starters.

Completing this course allows learners to come away with a better understanding of the Bible and how to introduce its richness and power to others.

All from the comfort of your home!

Course C

Presbyterian/Reformed Faith allows students to explore the basics of the Christian faith and practice in the Reformed tradition, including the governance of five Reformed denominations.

Each session guides the learner to reflect on God, Jesus, the Holy Spirit, the Bible, sin, salvation, worship, the Sacraments, discipleship, mystery, doubt, hope, and more through the Reformed faith lens. Course C offers the same features of the other two courses: clearly defined goals for each session, meditation and prayer, three learning modules with exercises, and suggestions for further reading.

Those who complete this course will have a foundation of what it means to be Christian and Reformed.
